## **Geography Curriculum End Points**

EYFS	
ETFS	Understanding the World (People and Communities)
	Children know about similarities and differences between themselves and others,
	and among families, communities and traditions.
	Understanding the World (The World)
	Children know about similarities and differences in relation to places, objects,
	materials and living things. They talk about the features of their own immediate
	environment and how environments might vary from one another.
	environment and now environments might vary from one another.
Year 1	Locational Knowledge
	<ul> <li>Name and locate the world's seven continents.</li> </ul>
	Name, locate and identify characteristics of the four countries and capital
	cities of the United Kingdom
	Human and physical
	Identify seasonal and daily weather patterns in the United Kingdom and
	the location of hot and cold areas of the world in relation to the Equator
	and the North and South Poles.
	Use basic vocabulary to refer to:
	Key physical features
	Key human features.
	,
	Geographical skills and fieldwork
	<ul> <li>Use world maps, atlases and globes to identify the United Kingdom and</li> </ul>
	its countries.
	• Use simple compass directions (North, South, East and West) and
	locational and directional language to describe the location of features
	and routes on a map.
	<ul> <li>Use aerial photographs and plan perspectives to recognise landmarks</li> </ul>
	and basic human and physical features, draw a map and use symbols in
	a key.
	Use simple fieldwork and observational skills to study the geography of
	their school and its grounds and key human and physical features of its
	surrounding environment.
Year 2	Locational Knowledge
	<ul> <li>Name and locate the world's seven continents and five oceans.</li> </ul>
	Name, locate and identify characteristics of the four countries and capital
	cities of the United Kingdom and its surrounding seas.
	Place Knowledge
	Understand geographical similarities and differences through studying the
	human and physical geography of a small area of the United Kingdom, and
	of a small area in a contrasting non-European country
	Human and physical
	<ul> <li>Identify seasonal and daily weather patterns in the United Kingdom and</li> </ul>
	the location of hot and cold areas of the world in relation to the Equator
	and the North and South Poles.
	Use basic vocabulary to refer to:
	Key physical features
	Key human features.
	Geographical skills and fieldwork
	<ul> <li>Use world maps, atlases and globes to identify the United Kingdom and its</li> </ul>
	countries.

## **Geography Curriculum End Points**

Year 3	<ul> <li>Use simple compass directions (North, South, East and West) and locational and directional language [for example, near and far; left and right],to describe the location of features and routes on a map.</li> <li>Use aerial photographs and plan perspectives to recognise landmarks and basic human and physical features, devise a simple map and use and construct basic symbols in a key.</li> <li>Use simple fieldwork and observational skills to study the geography of their school and its grounds and key human and physical features of its surrounding environment.</li> <li>Locational Knowledge</li> <li>Locate the world's countries, using maps to focus on Europe (including the location of Russia) and North and South America, concentrating on their environmental regions, key physical and human characteristics, countries, and major cities</li> <li>Name and locate counties and cities of the United Kingdom, geographical providence of the providence of</li></ul>
	regions and their identifying human and physical characteristics, key topographical features (including hills, mountains, coasts and rivers), and land-use patterns; and understand how some of these aspects have changed over time
	Place Knowledge
	<ul> <li>Understand geographical similarities and differences through the study of human and physical geography of a region of the United Kingdom, a region in a European country, and a region within North or South America</li> </ul>
	Human and physical
	Describe and understand key aspects of:
	<ul> <li>physical geography, including: climate zones, biomes and vegetation belts, rivers, mountains, volcanoes and earthquakes, and the water cycle</li> <li>human geography, including: types of settlement and land use, economic</li> </ul>
	activity including trade links, and the distribution of natural resources including energy, food, minerals and water. Geographical skills and fieldwork
	<ul> <li>Use maps, atlases, globes and digital/computer mapping to locate countries and describe features studied</li> </ul>
Year 4	Locational Knowledge
	• Locate the world's countries, using maps to focus on Europe (including the location of Russia) and North and South America, concentrating on their environmental regions, key physical and human characteristics, countries, and major cities
	<ul> <li>Name and locate counties and cities of the United Kingdom, geographical regions and their identifying human and physical characteristics, key topographical features (including hills, mountains, coasts and rivers), and land-use patterns; and understand how some of these aspects have changed over time</li> </ul>
	Place Knowledge
	<ul> <li>Understand geographical similarities and differences through the study of human and physical geography of a region of the United Kingdom, a region</li> </ul>
	in a European country, and a region within North or South America
	Human and physical geography
	Describe and understand key aspects of:
	<ul> <li>physical geography, including: climate zones, biomes and vegetation belts, rivers, mountains, volcanoes and earthquakes, and the water cycle</li> </ul>

## **Geography Curriculum End Points**

	human an annahu ingluding tuna af actual mant and land una ar annah
	- human geography, including: types of settlement and land use, economic
	activity including trade links, and the distribution of natural resources
	including energy, food, minerals and water.
	Geographical skills and fieldwork
	• Use the eight points of a compass, four and six-figure grid references,
	symbols and key (including the use of Ordnance Survey maps) to build their
	knowledge of the United Kingdom and the wider world
	<ul> <li>Use fieldwork to observe, measure, record and present the human and</li> </ul>
	physical features in the local area using a range of methods, including
	sketch maps, plans and graphs, and digital technologies.
Year 5	Locational Knowledge
	• Identify the position and significance of latitude, longitude, Equator,
	Northern Hemisphere, Southern Hemisphere, the Tropics of Cancer and
	Capricorn, Arctic and Antarctic Circle, the Prime/Greenwich Meridian and
	time zones (including day and night)
	Place Knowledge
	Understand geographical similarities and differences through the study of
	human and physical geography of a region of the United Kingdom, a region
	in a European country, and a region within North or South America
	Human and physical geography
	Describe and understand key aspects of:
	- physical geography, including: climate zones, biomes and vegetation belts,
	rivers, mountains, volcanoes and earthquakes, and the water cycle.
	- human geography, including: types of settlement and land use, economic
	activity including trade links, and the distribution of natural resources
	including energy, food, minerals and water
	Geographical skills and fieldwork
	<ul> <li>Use maps, atlases, globes and digital/computer mapping to locate countries</li> </ul>
	<ul> <li>Use maps, atlases, globes and digital/computer mapping to locate countries and describe features studied</li> </ul>
Year 6	
Year 6	and describe features studied Locational Knowledge
