Maths - Mr S Dunn

Spirituality within Maths at Leyland St. James' CE Primary School

At Leyland St James' Primary School, maths and spirituality are linked by encouraging children to explore the beauty and order in numbers and patterns while also nurturing a sense of wonder and respect for the world around them. Through lessons and activities, pupils discover how maths helps us understand the natural rhythms and connections in life, reflecting spiritual ideas of harmony and balance. This approach supports children not only in developing their problem-solving skills but also in growing their kindness, creativity, and appreciation for the deeper meaning in everyday learning.
