

## Leyland St James' CE Primary School

### Governing Board Procedures, Committee Arrangements and Delegation Structure

**2025-2026**

#### **Governing Board**

The school is a voluntary aided school and the board is to be made up of 14 governors, with a constitution as follows:

- 2 parent governors
- 1 local authority governor
- 1 staff governor
- 1 headteacher
- 1 co-opted governor
- 8 foundation governors

The quorum for governing board meetings is half the number of governors in post, rounded up where there are an odd number of governors.

#### **Introduction on Committee Working**

Committee working is an effective tool in managing the increasing demands and workload expected of Governing and Trust Boards with many Boards undertaking much of their business through them. It enables a smaller more strategic group of members to discuss specific matters which have been delegated to them by the full Board in much further detail. Committee membership, terms of reference and delegation structures must be agreed at a full Board meeting and changes to membership can also only be agreed at a full Board meeting. It is recommended that Committees be reviewed annually to ensure that they are fit for purpose and up to date.

Governors and Trustees may be appointed to committees to utilise their own specific skills or because of their interest in the subject area. It is important to remember that all committee meetings must be clerked and managed in the same way as a Board meeting i.e. agendas and minutes should be produced and circulated in a timely manner. Chairs of committees should be appointed by the Board or alternatively this may be delegated to the individual committees. The Head Teacher cannot be appointed as Clerk or Chair of a Committee. Whilst another governor may act as clerk to a committee meeting, it is highly recommended that an external person is employed to minute the meeting as it is often difficult to take detailed minutes whilst taking part in full discussion. The quorum for a committee meeting to take place is a minimum of three governors who are agreed members of that committee.

## Self-Evaluation and the Ofsted Framework

Monitoring and evaluating is a key aspect of governors' strategic responsibilities and should be part of the school's overall programme for self-evaluation. It is also an essential requirement for school improvement. Committee working can assist in this process and by linking individual committees to the key judgements within the Ofsted framework, governors are able to effectively monitor and evaluate how the senior leadership team have considered these judgements and what actions or measures have been put into place to demonstrate this.

School self-evaluation also highlights the need for Governing Boards to effectively monitor and evaluate the impact of school policies on the curriculum and quality of provision.

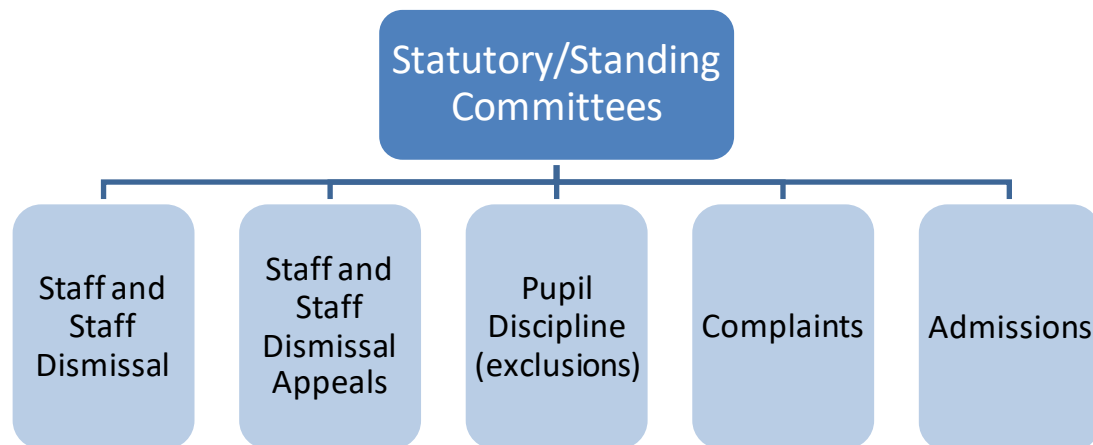

## Working Committees and Key Areas of Responsibility

Working Committees manage the regular workload of the Governing Board and, where in place, it is good practice that they meet at least once per term. Specific matters and school policies may be delegated to these committees in order for a smaller group of governors to consider and where appropriate agree matters on behalf of the Governing Board.

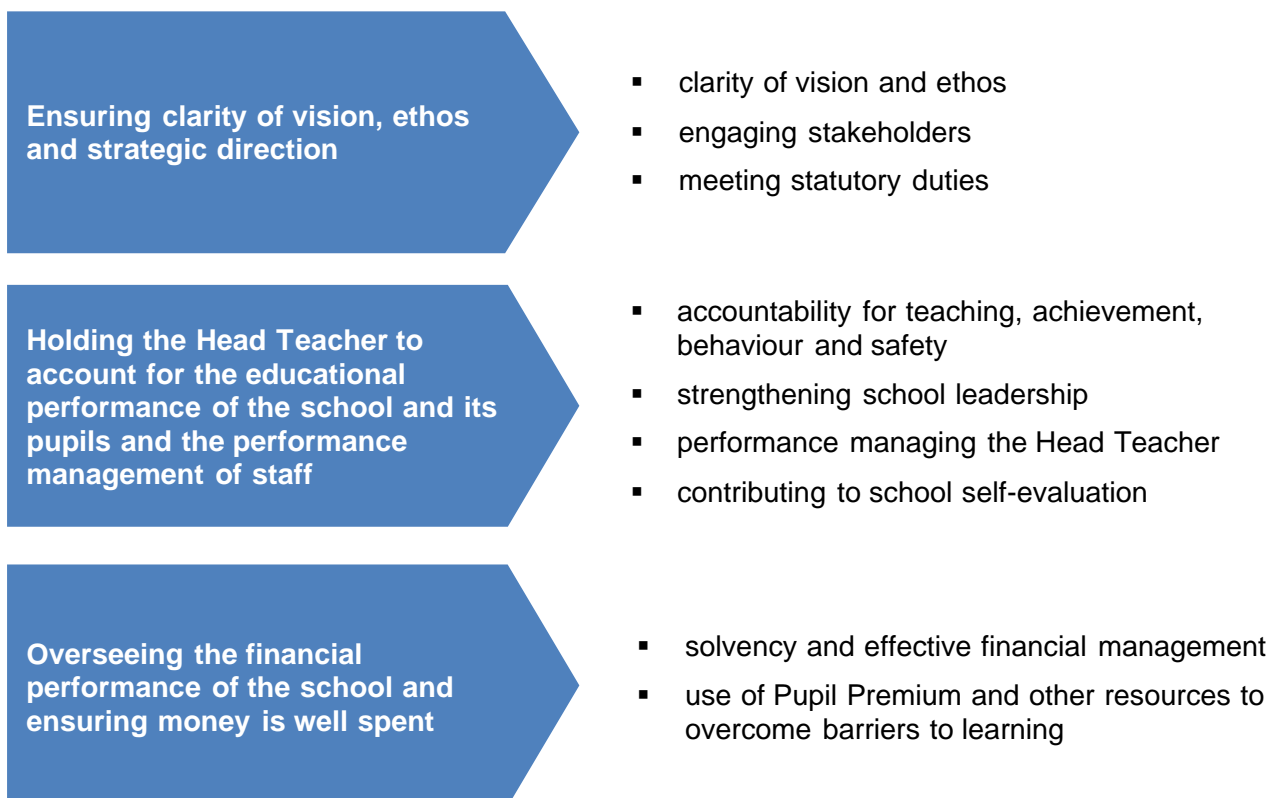

## Statutory Committees

Statutory committees only meet when required relating to matters such as staff dismissal and appeals, pupil discipline, complaints and admissions.

## Three Core Functions of the Governing Board

## Governing Board role in the Effectiveness of Leadership and Management

The inspection of a school provides an independent external evaluation of its effectiveness and a diagnosis of what the school should do to improve. It is based on a range of evidence available to inspectors that is evaluated against a national framework. When conducting an inspection, Ofsted will make a judgement about the overall effectiveness of the school and in particular cover:

- The Quality of Education

- Behaviour and Attitudes
- Personal Development
- Leadership and Management

The Governing Board is inspected as part of the effectiveness of leadership and management of the school and therefore will be judged under this heading. The School Inspection Handbook (September 2025) states that Inspectors will make a judgement on the effectiveness of leadership.

The leadership and management judgement is about how leaders, managers and those responsible for governance ensure that the education that the school provides has a positive impact on all its pupils. It focuses on the areas where inspection and research indicate that leaders and managers can have the strongest effect on the quality of the education provided by the school.

Important Factors Include:

1. Leaders' high expectations of all pupils in the school, and the extent to which these are embodied in leaders' and staff's day-to-day interactions with pupils.
2. The extent to which leaders focus their attention on the education provided by the school. There are many demands on leaders, but a greater focus on this area is associated with better outcomes for pupils.
3. Whether continuing professional development for teachers and staff is aligned with the curriculum, and the extent to which this develops teachers' content knowledge and teaching content knowledge over time, so that they are able to deliver better teaching for pupils.
4. The extent to which leaders create coherence and consistency across the school so that pupils benefit from effective teaching and consistent expectations, wherever they are in the school.
5. Whether leaders seek to engage parents and their community thoughtfully and positively in a way that supports pupils' education. Also, whether leaders are thoughtful in drawing boundaries and resisting inappropriate attempts to influence what is taught and the day-to-day life of the school.
6. The extent to which leaders take into account the workload and well-being of their staff, while also developing and strengthening the quality of the workforce.
7. The extent to which leaders' and managers' high ambitions are for all pupils, including those who are harder to reach. This includes ensuring that practices such as 'off-rolling' do not take place and that the way the school uses the pupil premium is founded on good evidence.
8. Whether leaders and those responsible for governance all understand their respective roles and perform these in a way that enhances the effectiveness of the school.

Inspectors will always report on whether or not arrangements for safeguarding children and learners are effective.

## Governance

Inspectors will seek evidence of the impact of those responsible for governance. In a maintained school, those responsible for governance are the school governors.

The governance handbook sets out the purpose of governance, which is to provide confident, strategic leadership, and to create robust accountability, oversight and assurance for educational and financial performance.

The governance handbook also sets out the statutory functions of all boards, no matter what type of school or how many schools they cover.

Inspectors will explore how governors carry out their core functions. For example, the clarity of the school's vision, ethos and strategic direction will have a significant impact on the decisions that leaders make about the curriculum. Inspectors will consider whether the work of governors in this respect is supporting the school to provide a high-quality education for its pupils.

In addition, those with governance/oversight are responsible for ensuring that the school fulfils its statutory duties, for example under the Equality Act 2010, and other duties, for example in relation to the 'Prevent' duty and safeguarding. Please note that, when inspectors consider whether governors are fulfilling this responsibility, they are not expected to construct or review a list of duties.

Inspectors will gather evidence about the use of the pupil premium, particularly regarding how leaders and governors have spent the pupil premium, their rationale for this spending and its intended impact.

## **Governing Board Procedures Checklist**

### **Election of Chair and Vice Chair of Governors**

The Governing Board agreed the procedures for the Election of Chair and Vice Chair of the Governing Board as follows:

This includes a requirement to assess, in advance, where relevant, the health and safety competence of contractors, taking into account the Local Authority's policies and procedures.

Any decision made by the Governing Board relating to the awarding of a contract (including reasons for limiting tenders) should be minuted in the record of the actual meeting at which the decision was taken.

In general terms, governors must adopt as a minimum the following:

- i) The Department for Education has frameworks in place for certain types of supply which the school may use without seeking separate quotations.
- ii) For purchases of goods and services including suppliers' catalogues where appropriate, governors should, where practical, obtain three written quotations.
- iii) For purchases of goods and services where the aggregate contract value is reasonably estimated to be above **£15,000** at least three written quotations should be obtained
- iv) For purchases where the aggregate contract value is reasonably estimated to be above **£50,000**, governors must advertise for application to tender in a local journal with a reasonably wide circulation and/or in a relevant trade or professional journal. Tenders should be received in sealed envelopes with no identifying marks and kept sealed until the closing date for receiving tenders. Opening of envelopes should be in accordance with at least as stringent requirements as those contained in the Council's standing orders. Community and controlled schools must utilise Corporate Procurement Services for orders or services of **£50,000** or more.
- v) Where the estimated aggregate expenditure of the total contract is likely to exceed financial thresholds under national procurement regulations, including the Public Contracts Regulations 2015, the Concession Contracts Regulations 2016 and the Utilities Contracts Regulations, then the regulations and any relevant guidance will apply. Governing Boards are required to advertise in Contracts Finder). Guidance notes can be obtained from the Corporate Procurement section.
- vi) The scope of a contract cannot in any circumstances be split in order to circumvent the relevant procurement rules, but contracts can be divided into lots. See the Corporate Procurement section for advice.
- vii) In all cases governors should record in the formal minutes of a full governors or sub- committee meeting which bid, if any, has been accepted and the reasons(s) for choosing the bid. Governors need not accept the lowest tender but should have regard to their responsibility in securing value for money in respect of expenditure of public funds.

## Statutory Committees

The following committees do not have a direct bearing on school self-evaluation or the Ofsted inspection framework.

**Cautionary note on impartiality**

The Local Authority asks Governing Boards, when appointing members to the committees, to consider whether it is advisable to appoint a governor who is paid to work at the school. Even if that governor has no direct prior involvement or previous specific knowledge, the likelihood is that the governor will have come into contact with the person who works or studies at the school and possibly formed some prior opinion about them. In these circumstances, it is difficult to justify impartiality to another party from outside the school. Given that the Governing Board must be able to clearly demonstrate that it has followed the principles of natural justice and fair play, it might be prudent not to appoint a governor who is paid to work at the school.

It is also important to consider what effect there may be on future relationships within the school if a governor who works at the school has sat on a panel and passed judgement of one of their colleagues.
